VOL. CXXXVII.—No. 76. ALEXANDRIA, VIRGINIA, WEDNESDAY, MARCH 30, 1921. PRICE TWO CENTS

HOSPITAL REPORT IS JUST ISSUED

Forty-Eighth Annual Contains Interesting Data

1087 TREATED IN YEAR

197 Births and 56 Deaths—Receipts $33,185.38 Expenditures Slightly in Excess of Receipts..

The forty-eighth annual report of the Alexandria Hospital for the year ending January 31, 1921, has just been submitted. It contains reports of managers, treasurer, superintendent and auxiliary societies.

A review of the work accomplished is given by Mrs. L. Wilber Reid, president of the board of lady managers. She says in her report that the hospital in the way of equipment, has had wonderful success during the past year; that the receipts from the tag day held in November enabled the hospital to pay $300 toward the coal funds and that auxiliary board through its president, Mrs. J. T. Burke, Jr., hopes to shortly install a modern X-ray plant to complete the hospital laboratory.

Thanks also is expressed in behalf of the trustees and board of lady managers for the splendid bequest made to the hospital by the late B. McK. Baldwin.

Miss Fanny Carter, superintendent in her report on the number of cases treated submitted the following: Number of patients during year, 1,087; number of totally free patients, 56; number of patients who paid part of their cost, 34; number of totally free days, 1332; average number of patients, 37; number of births, 197; number of deaths, 56; number of surgical operations, 552; number of major operations 197; number of minor operations, 325; emergency cases, 321; dressings 319.

Receipts reported by the auxiliary board total $1,147.13 less $116.19, leaving balance of $1,030.94.

Arthur Herbert, Jr., treasurer, reports a total receipt of $33,185.38.

The total expenditures exceeded the receipts by $408.22.

An interesting thing in connection with the report is the religion of the different patients. Out of the total number 75 did not profess any religion. The list as given by the hospital in the report follows: Baptist, 294; Methodist, 245; Presbyterian, 59; Episcopalian, 154; Catholic, 150; United Brethren, 3; Hebrew, 16; Protestant, 10; Unitarian, 1; Lutheran, 23; Seventh Day Adventist, 2; Campbellite, 1; Christian Science, 4; Orthodox, 5; Church of Christ, 10; Moravian, 2; Christian, 6; Disciple, 2. Not connected with any church, 75.

Wires Were Not Tapped

Telephone Company's Expert Wire Man Makes Investigation

The supposition that some one cut in on the telephone wires last Friday night and turned in a false alarm of fire has been exploded by Hugh T. Clarkson, local manager of the Chesapeake and Potomac Telephone Company.

Mr. Clarkson had an expert wire man make a complete investigation of the wires and the expert reported that the wires had not been tapped.

Those endeavering to track the alarm can, hertofore, eliminate this angle. The alarm, therefore must have come from one of the six telephone alarm stations.

Many Conversions

Second Baptist Church to Baptize Sunday

The revival at Second Baptist Church so far has resulted in a large number of accessions to the church.

Sunday will probably witness the largest number of baptisms at one time, what has never taken place in the history of the church.

The ordinance will be administered both morning and evening.

Evangelist Lawson has brought great blessings to the church by his pungent forceful messages.

Mr. Lawson is a unique preacher devoid of professionalism, working along simple lines, but profound and powerful in his appeal to the church and sinner alike. He has been eminently successful in the pastorate covering a period of over twenty-years, and during the last eight years has worked under the Baptist State Mission Board of Virginia as evangelist, but recently his whole time has been devoted to enlistment work for the board, and his work in this department has been highly productive of practical results in Kingdom building.

Services tonight, beginning at 7:45, all welcome.

Physical Education

Final Arrangements For Class by Ladies Y. M. C. A.

The prospects for a young women's class in physical education grow brighter as the enrollment increase is the announcement of the educational committee of the Ladies' Auxiliary of the Y. M. C. A., which has charge of the organization of the class. Since the announcement of the possibility of the class many inquiries have been received at the Y. M. C. A. office and final arrangements are now being made for the class.

The class will begin Monday evening April 4 and will continue ten weeks meeting once each week. The class will be limited to forty members and will meet in some central place which will soon be announced.

BASEBALL SUNDAY

The Alexandria Athletic Association will open their baseball season Sunday on the Shipyard grounds. Their opponents will be the Rosslyn Steel and Cement Company of Rosslyn, Va. We are asking the support of the fans in Alexandria for several reasons.

First, that we will have a good collection of fast young ball players who are playing for the sport of the game.

Second, that our pitching staff will consist of Jimmy Quayle, Speed King Jones, and Jimmy Raison will hold their own with any pitching staff in this vicinity. Jimmy Quayler arm has shown better form this season than ever before and he promises a great year.

Joe Theimer, "The Richmond Flash" will hold down shortstop. Watch this boy. Lee Nolan, the fast outfielder will be there in centerfield. When you are looking for a real fighting ball club, come down and see us. Everybody welcome, no admission, just give as best you can to the hat, but be liberal.

Third, that we are playing in the coolest place in Alexandria and will give all the fans a good Sunday afternoon of sport.

The Alexandria Athletic Association will form a city league among its members. This league will start about the middle of April. All that is required of you, is a membership in the association, as it will be for the benefit of club members only. Young and old alike will have equal privilege to play in this league as each team will have a squad of not more than twelve men and will be run on the plan laved out to give benefits and recreation to all of the membership. Your baseball ability does not count as this form of exercise will be placed at your service to give you one day a week to derive a little pleasure that may be had from being a member of the league. Special invitations are given the business men. See the athletic manager for information. You are invited to become interested in this league as the city of Washington has 8 leagues playing games after five in the afternoon and Alexandria can surely support one.

FIREMEN HOLD GET TOGETHER MEET

Chief Ogden Withdraws Resignation and Firemen to Remain

LAUD DEPARTMENT

Members of Chamber of Commerce and Fire Chief and Mayor Address Gathering of 150 At Elks' Hall.

The volunteer firemen of the city will continue on their jobs and Fire Chief Kenneth W. Ogden, who tendered his resignation Monday to Mayor Duncan, which has not been acted upon, also has withdrawn his resignation and thus ends of the threatened disbandment of the volunteer companies of the city.

The foregoing action was decided upon at a mass meeting of the firemen held last night in the auditorium of the Elks' Home presided over by J. Edward Shinn. Attending the meeting were about 150 volunteer firemen and a delegation of members of the chamber of commerce, appointed yesterday to urge the chief and the firemen to reconsider. Mayor Duncan also attended.

Fire Chief Ogden was given a big ovation. He opened by declaring that the day had been one of mixed emotions, and he referred to the meeting of the directors of the chamber of commerce held during the day to urge the firemen to stick to their jobs. All but one of the directors present he said "Is your and my friend."

The speaker referring to Howard W. Smith declared that Mr. Smith "Had also stated that he did not believe in getting on his knees to anyone."

Chief Ogden expressed himself as disgusted with the condemnation of the department and he said he resented both publicly and privately the editorial which appeared in The Alexandria Gazette. Continuing he said "I think it has done more to cement the department than anything else that has happened. I have received scores of appeals to withdraw my resignation I know probably better than anyone of you the sacrifices that you have made. I know it is a sense of duty that to sever your connection with the department would be more hurtful to the people. The fire department is the most highly respected department of the city government.

"I don't believe that after it has been so clearly proven that the editorial reflects the view of one person only that you should suffer. I told you before I was absolutely with you till h— freezes over. The people of Alexandria have asked me to stay. Do you want me?"

There was a mighty course of voices that answered in harmony "We do."

Chief Ogden then added that he hoped to induce the drivers to remain within the speed limits. He, however, said that if there is a fire and he was in a position to say go thirty-five miles an hour it was going to be done. City council he said could not sit in their seats and tell him how to run the department.

Chief Ogden further said: "We have been condemned about the alarm. It has been retracted. We interrogated the members of the fire department. The paper did not ask the persons in authority but asked the police. The man credited with making the statement denied making it. He again referred to the speed and he said he could not say that the vehicles will travel at twenty-five miles an hour in the annexed territory. These people he said can be reached quickly only by speed and this he said seemed to be overlooked. The Chief said twenty miles an hour had been suggested, but he added this could not be done and hold the department together. The paper he declared said he was "frank and bitter." This statement he asserted was the most truthful thing in the article.

The chief said he felt like one of the men and not the chief and referred to the fact that his salary is $50 a month and he said it cost him about $3,000 a year loss of business.

Concluding the chief said: It is a pleasure to withdraw my resignation

HARDING TAKES UP RAIL CRISIS

Problems of Transportation System are Discussed

LAID BEFORE CABINET

Reduced Rates, Consolidation and cut in Wages Plans in View—Change Held Imperative.

Washington, March 30.—The Harding Administration has found it necessary to deal with the crisis which the American railroads are facing,a crisis which involves not merely the interior transportation service of the country, but the whole field of domestic business.

Fully conscious of the gravity of the situation and discouraged by the futile efforts of the railways executives to solve the problem, the President laid the matter before his Cabinet yesterday and later summoned the chairmen of the Interstate Commerce Commission and the Railroad Labor Board to meet him for conference with the least possible delay.

Chairman Clark, of the Interstate Commerce Commission, is in Washington. Chairman Barton, of the Railroad Labor Board, probably will arrive here tonight or Thursday morning. The President will await the arrival of Judge Barton before he discusses the question with Mr. Clark.

It developed at the Cabinet meeting yesterday that in spite of the heavy increase in rates granted the carriers a few months ago they are now running about $700,000,000 a year behind their actual operating expenses.

It further developed that the successive increases in freight rates, plus Government taxation, had become virtually a prohibitive charge upon certain lines of business. The cost of transportation in such cases is more than the traffic can bear.

Later in the day Chairman Cummins, of the Senate Committee on Interstate Commerce, declared that in 1920 the American people paid $6.250,000,000 for domestic transportation, all of which, except $10,000,000, went to pay for the cost of operation of the railroads. Approximately 60 per cent of the cost of operation, he added, was paid out for labor.

Senator Cummins declared further that freight rates are now as high as they dare be raised and are higher than they ought to be. Some means must be found, he insisted, to reduce the cost of railway operation, and his committee will undertake to find these as soon as Congress reconvenes. He is opposed to giving the Interstate Commerce Commission additional power. To do so, he says, is to restore Government management of the transportation system.

It semed evident on all sides yesterday that the Government is moving decisively toward three definite ends in the effort to solve the transportation problem.

Reduced cost of operation, which inevitably involves a revision down ward of existing railway wage scales.

A general consolidation of the rail lines as provided for in the Cummins Esch act, in order to increase efficiency in management and economy in operation.

Reduced railroad rates to relieve business as a whole of the burden which has been laid upon it by the tariffs which are now in effect.

These propositions were discussed for nearly two hours by the Cabinet yesterday, and will be taken up with Messrs. Clark and Barton.

The Cabinet agreed with the President that the present state of affairs could not continue indefinitely The railroads at least must make enough money to pay for their operation, if they are to escape a financial smash. Traffic must be relieved of the killing tax now levied upon it, it was agreed, if business is to revive.

How this can be brought about is the question to which the President is seking the answer, he let it be known yesterday. He has been told that it cannot be done unless

DR. BARRETT SPEAKS ON SOUTH AMERICA

Interesting Address on Observations in That Country

MUSICALE GIVEN

Affair Under Auspices of Cameron Club at Residence of Mr. and Mrs. C. C. Carlin

The parlors, conservatory, dining room, halls and stairways of the home of Mr. and Mrs. Charles C. Carlin were filled last night with a representative audience at the musicale given under the auspices of the Cameron Club for the benefit of the Alexandria Playgrounds Association

Mrs. M. W. O'Brien, chairman of the music section of the club, was in charge of the program and presided during the musical numbers, while Miss Helen Norris Cummings introduced the speaker of the evening. Dr. Kate Waller Barrett, who closed the program with a most interesting talk on her recent four months' visit in South America.

Dr. Barrett is at all times an interesting talker, and with her remarkable powers of observation and study of any country or peoples with whom she is associated, the talk she gave last night was not only entertaining, but instructive.

She spoke principally of the Argentine, where she visited her son, Robert S. Barrett, now located in Buenos Aires. Dr. Barrett said the influence in Argentina is mainly English, South American trading in the past being almost entirely with Europe, owing to the lack of steamships going direct from the United States to South America. She also urged all who can do so to visit the Canal Zone, Panama, stressing the wonders of this United States possession.

The musical program was unusually fine. The opening number was a remarkably brilliant piano solo by Mrs. David Jones. Mrs. William Nes sang "Over The Step," Mrs. Nes' singing is always enjoyed by an Alexandria audience. Miss Collins McKay Jones sang a French song in a most effective manner. Miss Jones has a wonderfully sweet voice.

Mrs. Sherman Bruce Fowler, whose beautiful contralto voice is always heard with pleasure, sang "Star of My Soul." An unusual treat was the solo, "Will O' The Wisp," by Mrs. Robert F. Downham, who seldom favors an audience now, owing to sickness in her family. Mrs. Downham has a beautiful, high soprano voice. Mrs. Paul Anderson, of Washington, sang the aria from "Cleopatra," which was also greatly enjoyed.

The ladies in charge of the affair hope to raise a substantial sum towards the upkeep of the playgrounds for the summer months, and the proceds of last nights' entertainment will go to this fund.

For Irish Relief

Executive Committee Named For Drive—To Meet Friday Night

Plans for a drive for the starving women and children of Ireland, which will begun shortly, were mapped out by those interested in the cause at a meeting last night in the rooms of the chamber of commerce presided over by J. Fred Birrell. An executive committee was appointed and the work of canvassing soon will be started. A meeting of the executive committee has been called for 8 o'clock next Friday night.

Those named on the executive committee are J. Fred Birrell, Leo P. Harlow, W. H. Thomas, T. Clifton Howard, J. T. Preston, Mayor J. M. Duncan, N. J. Lawler, R. S. Jones, Elmer Tull, Mrs. Clarence French, Mrs. Leo P. Harlow, Mrs. T. Marshall Jones, T. McGowan, Julian Y. Williams, W. H. Sweeney B. Weil, M. T. Dwyer and William Desmond.

The Elks' Easter Dance will be given at its home Wednesday, March 30, from 9 to 12 p. m. Proceeds for Charity Fund. 74-3c

Athletic Carnival

Affair at Opera House Tonight—Under Auspices of Dreadnaught Athletic Club

Tonight one of the most up to date athletic events ever staged in Alexandria will be held at the Opera House under the auspices of the Dreadnaught Athletic Club.

Seven well trained local boys make their debut in big company, and the patrons of this affair will see for themselves what the Dreadnaughts are doing to promote sport activity in the town.

Events enough have been crowded in the program to fill every minute of the evening with the kind of excitement that everyone likes.

The club has secured excellent talent for the program and several old timers of the game from over the river, says it is the "Niftyest" schedule for any athletic carnival ever staged in the whereabouts of Washington during the last 20 years.

It starts at 8 o'clock. Secure your tickets at Jones & Astryke, or box office at Opera House.

Admission including war tax, 55 cents, ring side seats, $1.00.

$100 REWARD

The Alexandria Gazette will pay a reward of $100 for the arrest and conviction of the party or parties who turned in the false alarm of fire Friday night, March 25, 1921.

A certified check for the foregoing amount has been placed in the hands of Chief of Police C. T. Goods. This offer hold good for thirty days from March 28, 1921.

To Install Officers

Ceremony For Two Bible Classes of First Baptist Church Tomorrow Night

The officers of the J. R. N. Curtin Memorial Baraca Bible Class and the officers of the newly organized W. F. Watson Memorial Philathea Class of the First Baptist Church will be installed at eight o'clock tomorrow night. The installation ceremonies will take place in the Sunday School room of that church.

At the conclusion of the installation there will be a special musical program after which refreshments will be served.

All members are invited to be present.

Alderman Nonconcur

Refer Sidewalk Measure Back—Adopt License Law

The board of aldermen at a called meeting held last night adopted the license law as amended by the common council recently.

The aldermen, however, did not concur with common council in the resolution recently adopted providing that the city improve sidewalks in bad condition after the property owners had failed to do so, and it be a lien against the property. The measure will now come back to common council.

$30,000 Blaze

Store And Dwelling of J. E. Turberville, Fairfax, Destroyed

Fire of undetermined origin late yesterday afternoon destroyed the general merchandise store of J. E. Turberville at Centerville, Fairfax county, and his dwelling adjoining and stables and garage in the rear of the building. The loss it is stated will be about $30,000. It is partially covered by insurance. The place is located four miles from Fairfax Courthouse.

GERMAN REVOLT IS SPREADING

Martial Law Declared in Effort to Check Ferment

CRUSHED IN SAXONY

Reds Have Fourteen Killed and 34 Wounded in Battle For Essen—Disorder in Berlin.

Berlin, March 30.—The Communist revolt in Central Germany has broken down in the face of measures taken by the police, but the unrest continues and is showing a tendency to spread into districts hithorto unaffected.

By several bold strokes the Government forces gained a decided advantage over the Reds, and the general unwillingness of the workers to join the strike movement lends credence to the belief that all traces of the insurrection will be quickly wiped out in that section.

Communist rioters clashed with the police last night in Essen, the largest manufacturing city in the Rhineland and in heavy street fighting 15 civilians were killed and 34 wounded. The police lost three killed and nine wounded. The Government forces routed the Communists and are in complete control of the city.

The Communist ferment in the Ruhr coal fields, where heretofore the workers have withstood all efforts to get them to strike, has become so threatening that the Government has proclaimed martial law in Muenster and Arnsberg districts. The Communists have taken possession of Mettmann, near Elberfeld.

At Dusseldorf the Entente military authorities have returned some firearms to the German police to enable them to cope with the situation and ward off Communist attacks.

At Ammendorf, south of Halle, the police this morning surrounded the railroad station where 500 Communists had ensconced themselves and prepared defensive works. After a brief engagement the Reds surrendered. All of them, including the commanding officer and his subordinates, were attired in Russian Army uniforms.

The police today also surrounded and attacked the atmospheric nitrogen works at Leuna, near Merseburg, capturing the Communist workers there who had been in control for five days. Thousands of prisoners, most of them youths, were taken by the police.

Strike disorders continue in Berlin despite the precautions taken by the military last night in erecting barricades in Wilhelmstrasse and doubling the guards about Government buildings. The police reserves are being held ready for immediate action. The Government is alarmed by the Red activities in the capital and is taking strenuous steps to reduce the menace to public safety.

The hopeful element in the situation is that the great bulk of workmen oppose strikes. The insurrection is confined to communists, who are largely led by criminals with records at police headquarters.

The Fire Fuss. Thanks to the efforts of a mass meeting of the firemen, the chief of the Fire Department has withdrawn his resignation. The troubled waters have ceased to trouble. In the language of the immortal track walker, Finnigan, who, when admonished to curtail his reports on train wrecks, laconically reported the next day:

"Off agin,
On agin,
Gone agin,
Finigin."

Much time and energy has been expended in a purely puerile attempt to steer the subject away from the real issue, of whether the paid employees of the fire department shall run their apparatus within the limits of the law, or of their own fancy, and whether anything is going to be done about curbing false alarms of fire.

To say 'We won't play any more' settles nothing;

Resignations settle nothing;

Personal abuse and vituperation settle nothing;

Threatened political boycotts settle nothing;

Threatened strikes settle nothing;

No amount of child's play can turn this incident into a personal popularity contest between the participants. The public is not interested in personal quarrels. The public is interested in having its business conducted within the rules prescribed by law, and in the protection of human life, as well as the preservation of property. Until this question is settled nothing is settled.

The Scriptures admonish us when we become men to lay aside childish things. Let us mop our fevered brows, change the subject, and talk about grown up affairs.

The Railroad Situation. The main topic of discussion and debate at President Harding's cabinet table yesterday, we are told, was the present situation with reference to the railroads of the country, a situation which, it seems, is satisfactory to neither the railroad owners, the railroad employees, the general public nor the government.

The Esch-Cummins railroad law passed by the last Congress, and the Winslow Act passed as a re-enforcement to it, are evidently failing to bolster up the railroads to that point where they may function profitably and efficiently.

The course of events in this country today is leading slowly but surely towards the nationalization of railroads, a nationalization that will carry national control far beyond that exercised at the present time by the Interstate Commerce Commission. And while the tendency is all towards nationalization, the feeling of the country is all opposed to it, largely because of the belief of the man in the street that national control during the war was an expensive and barren failure.

Just at this juncture of affairs there comes forward S. Davies Warfield, a big business man, president of the National Association of Owners of Railroad Securities, president of a big Baltimore bank and an official of the Seaboard Air Line Railroad, suggesting a scheme for the nationalization of railroads under which all the railroad interests of the country are to be pooled and the railroads run by forty committees.

Much will be doubtless heard of the Warfield plan, as much was heard of the Plumb plan. In all probability little more will come of it. It will obviously not satisfy labor, which wants government ownership and the Plumb plan. It will just as surely not satisfy the owners of the railroads who will see in it something only short of government ownership. And the general public, the people, those who use the roads, will probably never get any real unbiased clear vision of what it all means, because the two rival camps will keep up such a racket of propaganda both ways that no one will be able to hear the voice of what little neural judgment there is.

Beautiful bridge work has just been discovered in the mouth of an excavated mummy buried for fifteen hundred years. The years seem to have passed over it lightly.

Young ladies wearing short and transparent skirts have been barred from a church in North Adams, Massachusetts. Watch the congregations diminish.

Nipped in the Bud. Old Dame Nature has played us another prank. Fickle soul that she is, only old-timers and pessimists were looking for her to turn loose her wintry blasts upon our gardens and fruit trees after she has been busy so many weeks luring them out to bloom.

Changing the temperature from 82 at 3.30 in the afternoon Monday to 26 early Tuesday morning was a weather caprice against which those of us who are natural optimists were hardly prepared. To be true when in February and March we were sunning ourselves in a May sun and sniffing with keen delight the opening apple and peach blossoms there were those wise and generally sad folk who said as they shook their heads that it was all an ill wind masquerading as a summer breeze and that it bode us no good.

And now we are told that thousands of dollars worth of fruit in nearby Virginia and Maryland have been nipped off, that the whole Delaware peach and apple crop has been destroyed, and that the blight of the blizzard has swept in a cold wave as far south as Georgia.

All of which just goes to show that sooner or later nature will make pessimists of us all. Who remembering this March set-back can ever afterward set himself to gardening in March with any real confidence or pleasure? Who with it in mind will ever again let the furnace go out or cancel the order for that last wagon load of coal? Who, for that matter, will ever dare in such springs hereafter venture from the house without the winter overcoat?

SAYS MISTAKE WAS MADE
(Communicated))

The writer of an article on the old Alexandria Academy, which appeared in last Sunday's Washington Post, made a very serious mistake in mentioning the old Marstellar house as the old Academy, endowed by General Washington, for the house he uses to illustrate his article was built by Colonel Philip Marstellar, who came to Alexandria from Pennsylvania shortly after the revolution. He was one of General Washington's pallbearers and died here 1803 or 04. The property was owned and occupied by the Marstellar family until 1835, when it was bought by Joseph Howell whose heirs sold it in 1884 to the Alexandria School Board. On the lot south of the Marstella property, the cornerstone of the Alexandria Academy was laid September 7, 1785, by the Alexandria Lodge of Masons. This little Lancastrian school was used until 1884, when it was demolished and the present Washington public school was erected on the site, at the same time the adjoining property was bought and used for some of the lower grades of the school. An excellent picture of the old Alexandria Academy was used by Mr. William F. Carne, to illustrate one of his articles at Alexandria history in Harper's Magazine 187.

THE PROPER COURSE

Information of Priceless Value to Every Alexandria Citizen

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Alexandria citizen who used them and who publicly tells of the benefit derived?

Guy Pettit, railroad engineer, 114 Commerce St., Alexandria, says: "I have used Doan's Kidney Pills off and on for a number of years and they have done me so much good I wouldn't be without them. I usually carry a box of Doan's with me because my kidneys are apt to get out of order. This is from the jarring of the engine. However, I only have to use a few of Doan's Kidney Pills and I am not bothered any more."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Pettit had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Get Doan's Today. Drive away the biliousness and constipation that are keeping you headachy, sick, miserable or full of cold. Feel grand always by taking Cascarets occasionally. Nothing else so inconvenience. Children love Cascarets, too. 10, 25, 50 cents.

DOSON SOUNDS CALOMEL' DOOM

The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

ALLEN'S FOOT-EASE DOES IT.

When your shoes pinch or your corns and bunions ache so that you are tired all over, get Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes and sprinkled in the footbath. Dance For Memorial

Proceeds to Endow "Marjorie Adamson Room" at Hospital

Tomorrow, Thursday night, a dance will be given in the Elks' auditorium for the benefit of the fund to endow a "Marjorie Adamson" room in the Alexandria Hospital.

Funds for this purpose are being solicited by a committee of ladies, headed by Miss Mary E. Carlin, 416 Duke street, and Miss Constance Boush, 106 Rosemont Avenue, and can contributions to this fund will be gladly received by these ladies.

Mrs. Julian T. Burke, Jr., and Mrs. Charles F. Holden, of the Auxiliary Board, are in charge of the dance arrangements and announce that punch will be sold to allay the thirst of those present.

Mrs. Adamson is due the credit of the growth of the Alexandria Hospital from the Alexandria Infirmary and is well known and beloved by Alexandrians who have given their time and energy to the upkeep and betterment of that institution for many years. A room named in her honor is a sacred duty undertaken through love for Mrs. Adamson, and as a tribute to her remarkable work in starting the hospital on the way to its present status.

FLIGHT OF MY DREAMS

Flight of my dreams, in slumbrous darkness fold me,
Bear me through dreamways far from earthly shore,
Steep me in drowsy lethe of dead longings,
Guide me through beauty's ways forevermore.
Flight of my dreams, along thy deep, smooth pathway,
Soothe me with friendship's company most dear,
True and tried friends and brothers alway,
Soothe and allay dread lurking doubt and fear.
Flight of my dreams, I am afire with longing—
Longing and hope eternal for the morrow's joys;
Yesterday's joys are faded and departed,
Victims of memory, we of fate the toys.
Dreaming of flights we fly in the tomorrows,
Dreaming in hope we fly to faith and trust,
Seeking our dreams, perfected now forever,
Freed from the earth's grim moil and toil and dust.
Flight of my dreams, in still, small hours of dawning,
Bear me to fairylands of friendly thrills—
Of sweet, caressing music, soft and soothing,
Gardens of thought with running brooks and rills.
Flight of my dreams, be with me ere the dawning,
Bear me away to dreamland's rosy towers,
Light at the basement windows, ever welcome—
Cool, grassy plots and jasmine scented bowers.
Flight of my dreams, oh, sweet elusive journeys!
Drawing me up to beauty's lovelit shore,
Flying entranced, new visions ever finding,
In lands enhanted, flying forever more.
Flight of my dreams, through rushing streams of gladness,
Fly with me over thundering waves of love,
Soar with me down great gulfways of contentment,
Land me in harbors of my dreams above.

Pope Directs Him to Convey Special Blessing to America

Rome, March 30.—Cardinal Dougherty, the newly appointed American Prince of the church, left Rome for Paris this afternoon.

NOTICE TO THE PUBLIC

The Washington and Old Dominion Railway will, on Thursday, April 7, 1921, at 10 o'clock A. M., apply to the State Corporation Commission in its courtroom in Richmond, to make the following increases in passenger fares:

From Rosslyn, Va., to El Nido, Va., and points intermediate thereto To stations Balls Hill to Great Falls, Va., inclusive, and return on days other than Sunday and legal holidays, from 42 cents to 46 cents, increase 4 cents per round trip (not to exceed regular local fares between intermediate points westbound.)

To cancel all fares on quarterly commutation 156 trip tickets between Alexandria and St. Elmo, Va., on one hand, and stations on Bluemont Division on the other hand

To increase the monthly commutation 46 trip tickets between McLean, Va., and stations Franklin Park to Peacock, Va., to 6 2-3 cents per trip, where now less.

To increase one way ticket fares between all stations in Virginia to 8 cents, where now less.

The increases sought were approved by the Interstate Commerce Commission and are now in effect on interstate traffic. It is now proposed to advance the intrastate fares to the level of the interstate fares. Washington and Old Dominion Rwy 70-76 c.

Pope Benedict, at the conclusion of the private audience granted yesterday, requested him to impart a special blessing from the Pontiff to all Catholics in the United States. The Pope also gave Cardinal Dougherty, who planned to leave Rome today on his return to the United States, an autographed photograph of himself, to be presented to Rodman Wanamaker as an appreciation for the three silk flags Mr. Wanamaker sent to the Pontiff.

Louisiana Will Tax All Single Men And Women

Shreveport, La., March 30.—An ordinance, which has been prepared for consideration by the State Constitutional Convention, at Baton Rouge, will be to tax all unmarried persons except bachelors and spinsters who are actively supporting dependents and except those who have not reached what the Legislature may fix as the marriageable age.

500 IRISH EMIGRANTS WILL SOON SAIL FOR NEW YORK

Queenstown, March 30.—Five hundred emigrants have been pouring into Queenstown in the last two days, waiting for the sailing of the Carmania on Wednesday for New York.

They have been subjected to rigid military search and supervision since their arrival. The crown forces are seeking to prevent a recurrence of Sinn Fein action recently in which intending emigrants passports and money have been seized.

He Didn't Urge Saving

Pittsburgh, Pa., March 30.—When Peter Kandel, of Castle Shannon, was sentenced to a fine of $10 or ten days in jail last night on a charge of disorderly conduct by Squire O'Rourke, his wife, who had $2209 of good American money in her clothes, refused to pay his fine and let her husband go to jail to serve out the ten days.

"My wife will pay my fine, Square" declared Kandel, after he had been sentenced. "She has $2209 of my money in her clothes and she will settle for me."

"Indeed, I won't Square," declared the luxom wife. "Peter has always admonished me against being extravagant with his money, and I am not going to waste any $10 now."

Peter went to jail.

SPORTS

The Virginia Midgets again proved that they are the champions, by defeating the Destroyers' Jr's. in a well played game by the score of 22 to 11. Jim Alexander, the Dreadnaughts' star, refereeing the game.

The Virginias' have been meeting all the fast Washington teams, and having won 24 out of 26 games, clearly proved that they were the best.

The Lafayette's. St. John Prep. Tech Midgets, Trinity's, Central Midgets and others went down before the Virginia's.

The Destroyers in the meanwhile meeting and beating all the fast teams of northern Virginia, but they at last met defeat in their "own home town." They were very handily beaten, due to the better passing and shootin gof the Virginias.

Captain Lyons played a stellar offensive game at center, while Duffey's crack guarding allowed few shots at the basket.

MILLIONAIRE DEPUTY SHOT FIVE TIMES BY BOOTLEGGERS

Buffalo, N. Y., March 30.—Attempting to capture automobile bandits near Westfield, N. Y., yesterday, Deputy Sheriff William Welch, son of Dr. C. E. Welch, head of a grape juice company, was shot five ties, one wound being regarded as serious. His physician says he has an even chance to recover.

Welch escaped instant death only because the bandits believed their last three shots had killed him. He "played dead" and the bandits headed their auto toward Buffalo and escaped.

Welch has been active in campaigns against bootleggers, and for that reason requested and obtained a warrant as deputy sheriff of Chautauqua county. He is an executive of the grape juice company at Westfield and is rated as a millionaire.

ITALIAN BOMB PLOT FOILED

Florence, March 30.—An anarchist plot to throw several bombs during the funeral of Engineer Longhi, who was killed during labor disorders at San Giovanni, in the commune of Castelnuovo, last Friday, has been discovered.

Upon his arrest one anarchist admitted membership in a communist association. He confessed to throwing a bomb, and revealed his association's headquarters at Scandicci, near Florence. The police hurried to the place and found the doors barricaded.

When an entry was forced, Ravezzi shot himself.

Genoa, March 30.—A fashionable restaurant in this city was thrown into uproar yesterday when the police arrested an anarchist who had in his possession a large bomb, loaded with dynamite, and a number of cartridges.

Doctors Prescribe 14,000,000 Pints Under "Dry" Law

Nearly 14,000,000 prescriptions, most of them calling for one pint of liquor, have been issued by physicians in the United States to their patients in the little more than one year that the Volstead law has been in effect. These prescriptions were issued by 45,000 physicians.

Statistics upon the number of prescriptions given—they number 13,800,000—were checked up by the prohibition office yesterday following the fight in New York by Dr. Donald McCaskey, against revocation of his license for alleged prescription of more than one pint in ten days to a patient.

Prohibition officials here disclaimed direct knowledge of the McCaskey case.

Bryan Protege Killed by His First Drink in Years; Wood Alcohol

Chicago, March 30.—Will Reed Dunroy, poet and widely known as a press agent, died here last night of wood alcohol poisoning. Men with whom he had been associated lately said that he had not taken a drink for years, but yesterday he asked a friend for one to cure a cold, Dunroy was 43 years old, and in his younger days was a protege of William Jennings Bryan, who paid his way through the University of Nebraska.

EX-SENATOR ANKENY DEAD

Walla Walla, Wash., March 30. Levi Ankeny former United States senator from Washington, died at his home here yesterday from a stroke of paralysis. He was born in St. Joseph, Mo., 77 years ago and crossed the plains with his parents in 1850.

Mr. Ankeny was the first mayor of Lewistown, Idaho, and at the time of his death president of seven banks.

Georgia Governor Asks Early Trial of Planter and Negro for Murders

Atlanta, March 30.—Investigation by the Jasper County Grand Jury into the deaths of eight negro laborers on the farm of John S. Williams, with a view to the indictment of Williams and Clyde Manning, his negro helper who is said to have confessed that he and Williams slew the negroes, and also into any possible connection with the murders of Williams's three sons was asked today by Governor Dorsey.

The Governor, after a conference with State and Federal officials, telegraphed Judge A. B. Parks of the Ocmulgee Circuit, asking him to call a special term of the Newton County Superior Court on April 11, for the seeking of indictments and an early trial of Williams and Manning in Newton County.

Dispatches from Covington announced that Solicitor General Brand of the Stone Mountain Circuit, had declared Williams and Manning would go to trial at Covington within three weeks. They are already under indictment there as the result of finding of the bodies of three other negroes alleged to have been taken into that county and drowned.

Graham Wright, Assistant State Attorney General, will aid in the Jasper County investigation, it was announced at the Governor's office.

Current reports that negroes were preparing to rise against white residents in sections of Jasper and Newton Counties were the subject of Grand Jury investigations at Covington yesterday and it was said officials presented evidence designed to show that certain whites had spread the report.

Pittsburgh Baptists Plan To Expel Rent Profiteers

Pittsburgh, March 30.—A resolution under which "rent profiteers" would be ousted from the churches, adopted by the Pittsburgh Baptist Ministers' Association, was made public here today. Unwarranted rent advances constitute an un-Christian "Phariseeism," according to resolution, which urged all Pittsburgh ministers "to combat gouging landlords, to take a prominent part in community protests against these wrongs and to use the influences of their ministerial associations to prevent new burdens of greedy extortion being imposed upon the general public."

Officials of the Baptist organization said that they would urge the Pittsburgh Union Ministerial Association to adopt a similar resolution.

Largest Sun Spot is Found By a Berlin Astronomer

Berlin, March 30.—The Director of the Berlin Observatory, Dr. Archenhold, has just discovered an enormous sun spot almost fourteen times the size of the earth and the largest ever observed. The sun spot is constantly changing form. The fact that the present is the period of the sun spot's minimum lends added interest to the Archenhold discovery.

HARDING TAKES UP RAIL CRISIS

(Continued from Page One)

railroad labor is willing to make a sacrifice and accept less pay. The cost of railway labor, he has been informed, is at the bottom of the whole problem.

The merger of individual rail lines into regional systems, as now authorized by law, will contribute somewhat to the result which all interests are seeking, the President is advised, but these mergers are not expected to result in economics great enough to overcome the deficit in railroad operation at this time.

The conviction is growing both in official and in railroad circles that the sweeping increase in freight rates allowed by the Interstate Commerce Commission under the 6 per cent guarantee section of the Cummins-Esch act was a blunder. Those rates have given the railroads more revenue on the freight hauled, but they have enormously reduced the volume of freight, it is admitted Many officials are convinced that the existing rates have cost the carriers money, aside from the losses inflicted upon producers who could not pay to deliver their goods.

Berlin Again Protests To League of Nations

Geneva, March 30.—The League of Nations has received a second protest from Germany calling attention to the continued occupancy by allied troops of German territory. The note expresses the hope that articles 12 and 17 of the peace pact will be applied according to the preceding note of March 10. The new note is dated March 22, and is signed by Foreign Secretary Simons.

Worth Saving.

The features of this girl portray the finest type of Polish childhood that now lies engulfed in hunger and disease and all their attendant miseries. Relief already administered by America has preserved her beauty and freshness, albeit her eyes betray the suffering she has seen, but literally millions in her own and adjacent countries still have no one to look to but America as another winter of horror closes in upon them. To the end that their prayer may not go unanswered eight leading American relief organizations have banded together in a joint appeal in behalf of Europe's suffering children. They are the American Relief Administration, the American Red Cross, the American Friends' Relief Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

IN THE SPRING TAKE GUDE'S PEPTO-MANGAN
Restores the Quality of Blood, Drives Out Impurities. Builds up the Red Corpuscles
IMPROVES THE COMPLEXION
A Standby Among Physicians for 30 Years. In Tablet as Well as Liquid Form
You notice complexions in the Spring. People who have plenty of rich red blood have lips a deep, rosy red, eyes bright and clear. Good complexions are based on the solid foundation of good blood, with plenty of red corpuscles. When blood becomes clogged with impurities, when the red corpuscles are not absolutely enough oxygen from the lungs and distributing it to the cells throughout the body, good complexions fade. Not only that, but you feel tired and exhausted all the time. Your shoulders droop and you lounge around and lean against anything handy. You lack energy because your blood is weak and thin—not enough red corpuscles.
People call it "Spring Fever." Call it what you will, it is bad blood. It weakens powers of resistance.
If you feel that way you should take that exceptionally good blood tonic, Gude's Pepto-Mangan, for a while. It will make rich red blood. For thirty years it has been a standy among physicians. It will help you to build up this Spring. All that comes from having good blood with plenty of red corpuscles will come to you.
When you go to your druggist's be sure to get the genuine Gude's Pepto-Manan with the name "Gude's Pepto-Mangan" on the package. It is sold in both liquid and tablet form. Both have the same medicinal value.

IN THE CORPORATION COURT OF THE CITY OF ALEXANDRIA, VIRGINIA.

H. F. Campbell et als. Complainants Vs.
In Chancery No. 1389.
The Virginia Rapid Transit Company, Inc., Defendant.

To the Virginia Rapid Transit Company, Inc., all stockholders of said company, and all creditors and debtors of said company, whose name are at this time unknown:

Take notice that I have fixed upon Saturday, the 16th day of April, 1921, at ten o'clock A. M., at No. 123 South Royal Street, Alexandria, Virginia, as the time and place when and where I shall proceed to execute the Decree rendered by the Corporation Court of the City of Alexandria, Virginia, on the 10th day of March, 1921, in the chancery suit of H. F. Campbell et als, vs. The Virginia Rapid Transit Company, Inc., whereby I am directed to ascertain and report as follows:

First: All the estate, real and personal, belonging to the Virginia Rapid Transit Company, Inc., where situated and the value thereof:

Second: Any and all liens against the said property, and the order of their priority.

Third: All debts owing to and by the said Corporation and, as to the latter, the order of their payment.

Fourth: All assets and liabilities of the said Corporation, whether secured or unsecured.

Fifth: A list of all the stockholders and the amount paid in on said subscription.

Sixth. What will be a fair compensation to be allowed to counsel for complainant out of the proceeds of sale, for services in instituting and prosecuting this suit.

Seventh—To inquire and report any other matter or thing which any party to this cause may require, or which the said Commissioner may deem pertinent.

Given under my hand this 15th day of March, 1921.

Richard B. Washington,
Special Commissioner.

March 17, 23, 30, April 6, 13, 14 15.

INGROWN TOE NAIL TURNS OUT ITSELF
A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night. "Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

FOR LUMBAGO
Try Musterole. See How Quickly It Relieves
You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place.
Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.
Many doctors and nurses use Musterole and recommend it to their patients.
They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest. Always dependable.

Are You Suspicious of Your Health?
One may not be actually sick, yet feel so tired and languid, low-spirited and ambitionless, that he can not truthfully say he is in good health. The kidneys, working all the time, night and day, and it is no wonder that they become weak, sore or diseased. Nearly everybody suffers from kidney trouble or bladder ailments. Nature gives warning signs by backaches, lameness, stiff joints, sore muscles, rheumatic pains, puffiness under the eyes and blurred vision.
RELIEVED HIS BACKACHE
It gives me great pleasure to recommend Foley Kidney Pills as in my case they relieved me of a severe backache that had bothered me for several months. A few bottles fixed me up in good shape.—Jos. G. Wm. 134 S. Jackson St., Green Bay, Wis.
FOLEY KIDNEY PILLS
give quick and permanent relief from kidney or bladder troubles that have not reached a chronic or fatal stage. They stop bladder irregularities, strengthen the kidneys and tone up the liver. When the kidneys are properly functioning, they filter and extract from the blood the impurities that cause aches and pains and in the end may lead to serious illness. If you have any cause to suspect that your kidneys need help, you will make no mistake in taking Foley Kidney Pills.

DANGER SIGNALS
Headache, colds, nausea, blues, mental depression—these are not only painful and annoying, *but they are danger signals.*
A great majority of these passing illnesses are due to self-poisoning resulting from constipation. Unless you keep your system free from decaying food waste, you start continuous poisoning inside. Ultimately Bright's disease, rheumatism, gout, diabetes, pernicious anemia, and the like, may result.
Pills, castor oil, laxative waters and salts only force and irritate the bowels, and make constipation a habit.
Nujol works on an entirely new principle.
Instead of forcing or irritating the system, *it simply softens the food waste.* This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.
Nujol thus prevents constipation because it helps Nature maintain easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.
Nujol is absolutely harmless and pleasant to take. Try it.
Nujol is sold by all druggists in sealed bottles only, bearing Nujol Trade Mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger".

POLICEMAN HEBBLER GIVES HIS TESTIMONY

Says Tanlac Enabled Him to Pass Examination With Rating of A-1 and He Feels Strong and Fit Now

"I never paid out money to better advantage in my life than when I got Tanlac, for it has restored my health and built me up fifteen pounds in weight besides," said Frank J. Hebbler, patrolman on the Covington, Ky., police force and lives at 513 Bakewell St.

"For a long time past," he continued, "I had not been in the best of health, and last spring I started all of a sudden to going down hill rapidly. What I ate didn't seem to do me a bit of good. After meals I bloated up so tight with gas I could hardly stand the pressure of my belt around my waist. I was on night duty, and my legs hurt so it was with difficulty I got around in patrolling my beat.

"My nerves went all to pieces and I usually went home all tired out and never got any sound sleep, just dozed by fits and starts and got up feeling worse than if I hadn't gone to bed at all.

"But Tanlac has just knocked out all these troubles and got me to feeling like a new man. Since taking it I can enjoy my food and it does me good. I sleep like a log and am in top notch condition in every way. I recently underwent the regular reexamination for the police force and passed physically with a rating of A-1 which I never could have done in the shape I was in before I got Tanlac."

New Stillman Witness Discovered And Lost

New York, March 29.—Viola Clark said to be a former chorus girl, was named yesterday as a possible witness for the defense in the Stillman divorce case. At her lodgings last night was said to have departed suddenly. No trace of her could be found.

The discovery of this new witness and the assertion of John E. Mack, guardian for Guy Stillman, that he has absolute proof of the child's legitimacy were the outstanding features in the case today.

Miss Florence Lawson, now known as Mrs. Leeds and named by Mrs. Stillman as corespondent in the case, is said to have worked in the same chorus as Miss Clark. Whether Miss Clark is the chorus girl who introduced "Mr. Leeds" to Florence Lawser could not be verified last night. Neither could it be positively established whether she was the "mysterious other woman" referred to so often by those familiar with the case.

FIGHT ON TO OUST GOVERNOR

Antinonpartisans Will Convene in North Dakota Today

Devils Lake, N. Dak., March 30.—Proposals to attempt recall of Gov. L. J. Frazer and other State officials selected with nonpartisan league indorsements, will be considered by a State-wide convention of antinonpartisans here tomorrow and Thursday.

Many of the 589 delegates, selected by county conventions, are instructed for or against a recall, but most will enter the convention uninstructed.

Proponents of an immediate recall election have announced that besides Gov. Frazier the recall should be aimed at Attorney General William Lemke and J. N. Hagan, commissioner of agriculture and labor.

BANK BANDITS FELL WOMAN

Strike Cashier and Sister, Teller, and Escape with $20,000

St. Paul, March 30.—Five men entered the City Bank of St. Paul this afternoon, struck down the cashier and a woman teller with the butts of their revolvers and escaped with cash and bonds valued at $20,000.

The bank is in the center of an outlying business quarter. Three patrons were lined up against a wall, but were not molested.

The bandit leader knocked C. F. Kalscheuer, the cashier, unconscious while another robber struck Kalscheuer's sister, Miss Agnes Kalscheuer. Neither was seriously hurt.

The robbers escaped in an automobile, the number of which was obtained.

RESIGNATION ACCEPTED

Roland S. Morris, Ambassador to Japan to Return to Law Practice

Resignation of Roland S. Morris as Ambassador to Japan was accepted yesterday by President Harding, according to an announcement at the State Department. It had been the intention to defer action on the resignation, which was tendered some time ago, until a successor had been appointed and had qualified, but the President was influenced to accept it, to take effect at once, because of Mr. Morris' expressed desire to return to the practice of law.

Mr. Morris is a resident of Philadelphia, and was appointed Ambassador to Japan in 1917. For about a year, however, he has been in Washington, where he conducted informal conversations with the Japanese Ambassador looking to laying the bases of new treaty arrangements with Japan.

Swamp Cries Clue In Ballochist Hunt

Pensacola, Fla., March 30.—Cries that sounded as though they were calls for help coming from a swamp several miles from Apalachicola, has caused the search for Chief Quartermaster G. R. Wilkenson and four companions in a balloon trip missing since March 22, to be shifted there, yesterday.

A squadron of seaplanes left Panama City yesterday to search the swamps. They will be joined today by the dirigible C-7.

Negress Sentenced to Die For "Abyssina" Murders

Chicago, March 30.—Grover Cleveland Redding, self-styled "Prince of Ayssinia," and his first lieutenant, Oscar McGawick, both negroes, are to be hanged April 22 for the murder of Robert L. Rose, a Great Lakes sailor, who was shot and killed when he attempted to rescue an American flag Redding was burning in the street.

There had been a "back to Abyssinia" parade through the "black belt," and Rose and others were tracted by the bonfire in the str In the ensuing riot Charles Hoyts cigar salesman, was also killed.

Bodies of Trapped Miners Discover

Dewell, Ill., March 30.—Fifteen f from the hole which had been dri in the hope of saving them, the b ies of seven miners sealed up in t Kathleen coal mine, which caught f five weeks ago were found hudd together by rescue crews.

The bodies were found behind a p tially completed embankment wh the entombed men had evidently tr to erect in an effort to seal themsel in from the flames and gas.

This picture, painted especially for the Near East Relief by M. Leone Bracker, vividly portrays what words fail to express—the horrible sufferings of the women and children of Armenia and adjacent countries. Peace has blessed Europe and America for more than a year but in Western Asia conditions more frightful than any war time experiences of the martyred populations of Belgium and France still exist. Thousands of women and children escaped massacre by the Turkish soldiers only to face the terrible agonies of death by starvation. At the present time it is estimated that 1,250,000 adults and fully 250,000 orphaned children are completely destitute and in imminent danger of death by starvation and exposure.

The Near East Relief, 1 Madison Avenue, New York, is at present the only organization giving aid to these suffering people and lack of funds still prevents the reaching of more than a small part of the stricken people.

FIREMEN HOLD GET TOGETHER MEET

(Continued From Page One)

(applause) If that is true and I swallow what I believe is an insult and I am man enough to swallow it and I know you are."

Chief Ogden also said that it would cost the city $40,000 a year for a paid department. Officers of the various companies then were polled and they unanimously voted to stick by the chief and remain on the job.

Chief Ogden thanked the men on behalf of the fire commissioners, the city and on his own behalf.

J. Edward Shinn said: "Don't forget Howard W. Smith. When you see his name on the ticket scratch him. Boys don't forget Howard W. Smith when election time comes."

B. Weil in an address lauded the work of the firemen of the city and declared it would be a calamity if the city lost the chief and the men and he urged all to stick to their jobs and added that everyone in the city would appreciate it.

Julian Y. Williams congratulated the men on the manner in which they handled the meeting and the splendid showing they made. It is bad he asserted to quit under fire. Under the chief's leadership he said he felt confident the department would continue to improve.

Mayor James M. Duncan addressed the gathering. He told the firemen that the law about speed are made by the city council and be added twenty five miles an hour is the speed limit fixed, although he said that when an apparatus is going at that rate there are some who imagine it is going fifty miles an hour. The mayor said he wanted the firemen to help carry out the laws and he added that he felsatisfied they would.

Chief Ogden then appealed to every paid man in the department to observe the law as near as possible.

Carroll Pierce told the firemen that the committee of the chamber of commerce was deeply appreciative of their work and he suggested now that it is all over to forget it.

An appeal for the release of three firemen convicted recently in the corporation court was made by Elmer J. McIntosh. Mr. McIntosh made hi appeal to the delegation of visitors and it was intimated that action would soon be taken along this line.

On motion of Norman Roberts, president of the Columbia Fire Company a rising vote of thanks and three cheers was given in honor of the men present which brought the meeting to a close.

Afterward a committee of three from each company was appointed to take up certain matters pertaining to the fire department with city council.

Sinn Feiners Kill English Captain On Dublin Street

Dublin, March 30.—Capt. Cecil Lees, intelligent officer on duty at Dublin Castle, was shot dead while walking in Exchange street, Dublin, yesterday. Capt. Lees left his hotel in civilian clothes on the way to the castle when a man suddenly fired at him from across the street. One bullet entered his heart killing him instantly.

The lord mayor of Dublin, president of the Irish White Cross Relief Association, sent the following telegram to President Harding yesterday: "The afflicted people of Ireland are sincerely grateful for your approval of financial support from America. America has always been a true true friend of Ireland in her hour of trial. Funds are urgently needed to restore destroyed property and relieve distrss."

The Irish Bulletin, official organ of the Sinn Fein, which has been secretly produced and circulated for several years, reappeared yesterday, having been supprssed only one day by the discovery of the republican publicity officers last Sunday by crown forces.

Gould Divorce Suit May Be Dismissed

New York, March 30.—Dismissal of the complaint in the divorce suit brought by Edith Kelly Gould former actress, against Frank Jay Gould, will be asked by attorneys for the defendant in the Supreme Court here tomorrow.

A motion, Mr. Gould's counsel announced today, has been prepared, requestioning dissolution of the action on the ground that the defendant was granted a valid divorce from Mrs. Gould last year in Paris and that he was not her legal husband when the present suit was instituted.

Attorneys for Mrs. Gould agreed to reply to the motion which will be heard by Justice Mullan. They will contend, they announced, that Mr. Gould's Paris divorce is null and void in this State.

In the complaint filed here by the former actress, charges were made that several women had been "more friendly than discreet" in their conduct with Mr. Gould. A separation suit brought by Mrs. Gould also is pending in New York courts.

SURGEON, ILL, CUTS SHOT FROM BRAIN

Ossining N. Y., March 30.—After rising from a sick bed and riding to Sing Sing prison in a wheeled chair, Dr. William L. Chapman, prominent surgeon, removed a bullet from the brain of Roman Leondowski yesterday.

Leondowski was brought to Sing Sing seevral days ago from the Dannemora State Hospital for the criminal insane. His term had expired but he could not be released because of his intermittent attacks of violent insanity. This mental condition was due, physicians said, to pressure on the brain from two bullets which had not been removed from his head after he was shot several years ago.

The bullet which was removed had become imbedded in the head two inches below the top of the skull. It exerted pressure on the motor area of the brain and is believed to have been the direct cause of the prisoner's metal affliction. No attempt was made to remove the other bullet imbedded at the base of the right ear.

The operation said to be one of the most delicate ever performed on a human being appeared last night to have been successful.

Dr. Chapman performed it in 22 minutes. He was forced to manipulate his instruments from the top of a high stool as his invalid condition made it impossible for him to stand during the proceed.

Leondowski was reported resting easily last night and doctors believe he will recover and that his mentality will be normal. If he proves his mental capacity after his recovery from the operation he will be released.

GOMPERS WARNS OF LABOR UNREST

New York, March 30.—Samuel Gompers, president of the American Federation of Labor, gave the [illegible] the assembly [illegible] and Mason Graves [illegible] flags which [illegible] the coffin.

London, March 30.—The government yesterday issued an official report on the Mallow shootings in Ireland, following the alleged slaying by Sinn Feiners of Mrs. King, wife of the Royal Irish Constabulary county inspector, and the wounding of Captain King, January 21, when it was declared Crown forces wantonly shot railway men who were performing their duties in the railroad yards.

The report exonerates the Royal Irish Constabulary.

Airplane Flight Restores War Veteran's Speech

Washington, March 30.—An airplane flight at an altitude of 14,000 feet today restored the power of speech to H. A. Renz, Jr., aged 22, and a former soldier, who, for eight months, had been unable to speak above a whisper. His voice, which left him one night while asleep, was returned to normal within an hour and when he stepped from the army airplane at Bolling Field he was surprised at his own voice, saying, "I don't know whether I can talk or not."

Renz while in the tank corps at Camp Colt, Pa., injured a finger, which failed to heal and finally was amputated. It is not known whether the infection was in any way responsible for the loss of his voice.

Officials consulted Public Health Service and Dr. Charles E. McEnerny diagnosed the case as partial aphonia, with paralysis of the adductor muscles of the throat. An air flight to high altitude was prescribed and Renz found his voice somewhere in the rarified air.

Virginian Enters Internal Revenue Commissioner Race

Washington, March 30.—R. W. Blair, a Virginian, but now a resident of Detroit, entered the field of candidates today for the commissionership of Internal Revenue. His application is being pressed by the two Senators from Michigan and by members of the Michigan delegation in the House. Also, he said today that he had the indorsement of Representative Bascom Slemp, Republican national committeeman from Virginia.

Mr. Blair is th eon of the late Frank S. Blair, who many years ago, was Attorney-General of Virginia. He was born in Wytheville and for years was stationed in Richmond as deputy collector of internal revenue He is now engaged in business in Detroit, where has he become wide and favorably known.

U. S. Steel Corporation [illegible] Steamship Line

Cleveland, Ohio, March 30.—Announcement by the United States Steel Corporation of the establishment of a line of steamers to carry steel to the Pacific Coast via the Panama Canal is expected soon after the return by E. H. Gary, chairman of the board of the corporation, from his trip to Vancouver through the canal, it is said in steel circles here.

Steel manufacturers here say that the corporation is nearly ready to put into effect its plans for increasing export trade, and that it has twenty vessels ready and five under contract. Steel makers are also watching with interest the progress of a river boat line down the Ohio and Mississippi to the canal and the Pacific Coast. Independent steel men admit that if the corporation establishes a line to the Pacific Coast it will be able to lay down steel on the coast at a price with which the independents could not compete.

Revenue Officials Seize 250,000 Gallons of Wine

Santa Rosa, Cal., March 30.—Internal revenue officials last night raided the Martini Wine Company at Sebastopol, north of here, and confiscated 250,000 gallons of wine, valued at more than $750,000.

The winery was raided following the capture of five truckloads of wine en route to San Francisco.

This is believed to be the largest amount of liquor ever taken in one raid in the West.

Apple Crp Half Killed by Cold Wave in State

Staunton, Va., March 30.—The fifty-eight degree drop in temperature from 79 to 21 above zero last night cost Shenandoah Valley orchardists millions of dollars, James Craig, of the Roseciff Orchards, estimated that the damage would be approximately 50 per cent, in dollars between six and seven million. Fruitmen said that if warning from the Weather Bureau had come sooner by the use of smudge pots they could have withstood the disastrous freeze.

Officials of the Virginia Fruit Growers' Association yesterday said that heavy loss, according to telegrams received yesterday was caused throughout the fruit belt from Western Illinois to Northern Georgia. Mr. Craig also is authority for the stateemnt that the freeze caused 35 per cent loss in the bloom in the pink.

This freeze was especially dangerous to the fruit since the buds wer softer than is usual at this time of the year because of the almost summerlike conditions which have prevailed for the last two weeks.

There was no frost throughout the Valley last night except in very low places which is greatly to the advantage of the later fruit, peaches and the earlier fruits will be a total loss, it is feared.

Phone message received yesterday morning described the conditions east of the Blueridge Mountains as worse than in the Valley, because of the greater development in th bloom, and the loss in that section of the State was said to be very heavy.

The temperature during the night in the locality of Crozet, stood at 28 degrees.

W. S. Campfield, field agent for the Virginia Fruit Growers' Association, estimates that in Frederick County, the premier apple producing county in this State, Stayman, delicious, Blacktwigs and Roman Beauties were 100 pef cent killed: Ben Davis 75 per cent, and Yorks' Jonathans and King Davis, 50 per cent.

NEW WORLD PROGRAM DEVISED BY CHURCHES

By S. EARL TAYLOR

DR. S. EARL TAYLOR,
General Secretary Interchurch World Movemnet.

If Christ, on the day He was born had started on a tour to preach in every village in India, He would still have 30,000 more to visit.

We now believe we have found a way by which the leaders of the Protestant churches can sit around a common table and have the Christian program of the entire world laid before them. By means of the Interchurch World Movement we can see where the Methodists are, and where the Baptists are. We can see the general outline of their forces, their present status in this great world struggle, and may also have some idea of the unoccupied places, and what may be done by all of us to enter these unoccupied parts of the world field which Christ sent us to occupy.

CHURCHES PLAN BUSY PROGRAM

Interchurch World Movement Outlines Activities In South For Months Ahead

Beginning with a campaign of education of the church member to his financial obligation to the church, a comprehensive and continuous program of activities from the present time through the month of June has been decided upon by the Interchurch World Movement in the South. This campaign of education in the duty of giving to the support of religious activities is commonly known in the movement as the Stewardship campaign. It will culminate on Washington's Birthday in the observance of National Stewardship Enrollment Day in all churches participating in the movement, February 22 this year chancing to fall on Sunday.

The Stewardship enrollment observance will be followed by the observance of Sunday, February 29th, as Life Enlistment Day of Prayer for Students. February this year, for the first time in forty years, will have five Sundays. This fifth Sunday observance is to be made a day of significance throughout the Interchurch World Movement's organization.

The month of March is to be given over to the promotion of the campaign for life-work and evangelism, culminating in the observance of Actinowledgment Day on Palm Sunday, which this year falls on March 28th. Every church taking part in the movement is expected to hold special evangelistic services during the month. During March also there are to be held a series of state pastors' conferences in the principal cities of the South to bring the pastors more closely in touch with the purposes and scope of the Interchurch World Movement in its relation to the individual church community and denomination.

Join the Church Day and Commitment Day, when thousands of new members are expected to be received into the churches in the South, will be observed on Easter Sunday, April 17th. This day will be marked by a great gathering of Christians in the churches inspired with the thought and determination of doing a greater service for Christianity.

The next fortnight in April will be spent in active preparation for the great financial campaign to be conducted April 21st to May 2d, inclusive. Local teams and committees will be organized and thoroughly drilled in the duties to be expected of them in the making of the canvass for funds to carry out the constructive program of the churches.

Throughout May and the early part of June the Movement will be directed toward the organization and perfection of conservation and extension plans. Later in June summer conferences of missionary education will be held.

THE AMERICAN RED CROSS IN PEACE TIME

Health Promotion

Health is at the foundation of human happiness. Through its Rural Service, Public Health Nursing Service and Health Center Service, the American Red Cross aims greatly to strengthen this foundation and to draw more closely than ever the neighborly ties that bind the American people together. Here is shown a Red Cross Public Health nurse attending a young mother with a brand new baby, seeing that both receive scientific care.

Disease Prevention

Through its Health Service the American Red Cross has begun a nation wide concentrated effort in co-operation with established organizations to reduce greatly the amount of preventable disease and physical defects found among the country's 106,000,000 population. Education is its most powerful tool. Special attention is devoted to children, and this picture shows a typical Red Cross welfare clinic where little ones are treated and mothers instructed in the proper care of them.

"THE AMERICAN RED CROSS DESERVES A HEARTY RESPONSE," SAYS PRESIDENT IN ANNUAL MESSAGE.

The Roll Call Is A Fitting Season To Take Counsel With Our Inner Selves And To Reaffirm Allegiance To The Great Relief Organization.

Washington, Nov. 7.—The following message from President Wilson, who is also President of the American Red Cross, to the American people, was issued from the White House today:

"The American Red Cross deserves a hearty response to its fourth annual membership, which will be issued during the forthcoming [illegible] November the Eleventh, Armistice Day.

"During the activities of war and through the co-operation of our people, this organization grew into immense size, enlarged its range of service and not only met fighting forces, but also civilians involved in the hardships of war in our own nation and in the nations associated with us in a great common enterprise, and gave to the world an example of effective mercy through co-ordinated effort.

"Since the armistice the organization has faced a dual task: First, to fulfill obligations created by the war, and secondly, to adapt its experience and machinery to the needs of peace.

"To-day, while assisting government agencies in the care and relief of our disabled soldiers and sailors, in replacing those able to work in civilian occupations, and in counseling and aiding the families of former combatants, and is still assisting, with diminished resources, the return of relief organization in some of the more prostrated countries of the former associates.

"While continuing these manifest obligations, the Red Cross has been accommodating its methods and applying lessons learned in war to the normal needs of our own people in times of peace, especially in regions where provisions for public health and welfare were imperfectly developed. It has placed public health nurses in many localities, and has [illegible] greater numbers of young women in the nursing profession, [illegible] supply might more nearly equal the steadily [illegible] for community nurses. It has devised a scheme of [illegible] centers for the relief of maladies and for instruction in [illegible] and general principles of disease prevention. With its [illegible] it has rendered incalculable service in the serious [illegible] [illegible] carried instruction in hygiene and first aid [illegible] the summers of 1918 and 1919 homes of our country. It has [illegible] and untrained mothers how to care intelligently for their [illegible] done much in many ways to promote child welfare, upon which the welfare of the nation ultimately rests. It has made it a fundamental principle to avoid [illegible] duplications, to co-operate with public [illegible] when its co-operation was sought, and to supply deficiencies where such agencies had not yet been established.

"It has continued its educational work among the school children through its Junior Red Cross branch, and it has, as one result of its war experience, put preparation for disaster-relief on a scientific foundation, so that it is now equipped to meet disaster emergencies promptly in almost every part of our country.

"By systematic plans and practical performances, it has given a clear answer to the question why the Red Cross should be continued and carried over from war activity into peace-time activity. The answer is in the record.

"Additional to these obvious aspects of the matter, there is another reason why I, as President of the United States and President of the American Red Cross, urge my fellow-countrymen to join the Red Cross in impressive numbers. Reaction follows emotion, and after great effort comes perilous lassitude. Sound patriotism and genuine human service are continuous not intermittent, not contingent merely upon the excitement of war. If there is in some of us an inward cooling of the fine fervor which animated us in the crisis of the nation's stress and peril, a contraction of the spirit which ennobled us as individuals and as a nation now, during the "Red Cross Roll Call," is a fitting season to take counsel with our inner selves, to rekindle the old flame, to reaffirm allegiance to practical patriotism and practical humanitarianism, and to symbolize the regeneration of our better thoughts and handsomer selves by re-enlistment in a great army mobilized for the common good.

(Signed) "WOODROW WILSON."
